- Physical Activities

ABOUT ME

React.js Developer with hands-on experience in building scalable and responsive web applications. Proficient in JavaScript, React, Redux, and component-based architecture. Skilled in integrating RESTful APIs, managing state effectively, and implementing modern UI/UX practices. Familiar with backend technologies including Node.js, Express.js, and MongoDB, as well as version control using Git. Focused on writing modular, maintainable code and delivering seamless user experiences.
